

Wasey Manufacturing

October 2021 - News & Updates

October 2021:

Mezzanine Floor installed

We are pleased to share with you that the new mezzanine floor is now fully installed at our premises.

This provides us with more storage space to hold stock items for when our online shop goes live.

Increased storage space

In advance of Wasey Manufacturing's online product shop going live in the next few weeks we have installed a mezzanine floor to provide extra storage space to hold stock for the website products.

General Manufacturing services we offer are;

Tube manipulation in 304 & 316 stainless steel, aluminised mild steel and mild steel - further details can be found on the 'Our Services ' tab on our website.

Tube finishing, including expansion, reduction, beading, slotting & notching

General fabrication & welding (mig & tig, stainless steel & aluminium

Bespoke pipework to customer drawings or sample

Large radii roll bending & sub contract bending
